

WHAT WE DELIVER?

For K12 School Education, we deliver management consulting for institutional effectiveness

We work through given frameworks to get better learning outcome, operational efficiency, and academic excellence.

Assess - a tool for holistic assessment, ACE - a 4 C's of excellence framework, and Xpress - ecosystem establishment for system development and standardization

ENGAGEMENT

Engaging through regular and joint planning schedule

Evolving through early surprises, system development, and standardization

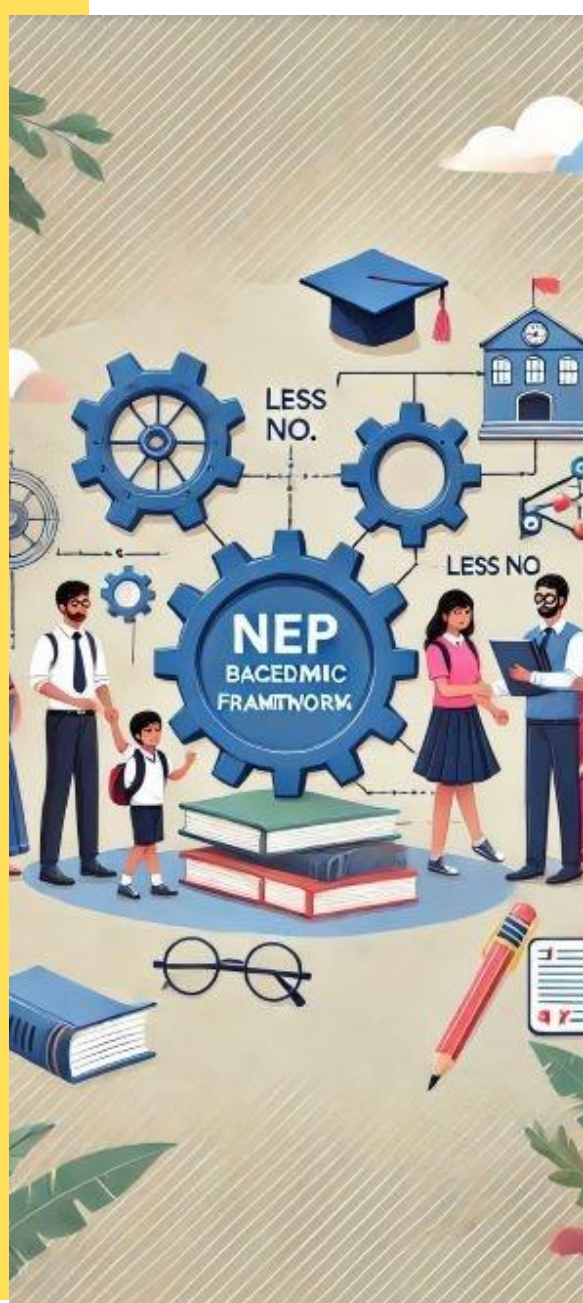

Domain Experts are involved for specialized content delivery, and teacher's grooming

SOLUTION

We offer end-to-end solutions addressing the entire education value chain.

Our solutions encompass *strategic planning, operational process management, organizational development and technology integration*

We specialize in transforming institution into future-ready, student-centric organization.

ASSESSMENT

Assess - Tools for holistic assessment, analysing learning outcomes, academic environment, operational practices and team engagement

ACE - 4C's FRAMEWORK

ACE - 4C's of Excellence for delivering change through communication, content, concept, and context planning with expert delivery

ECOSYSTEM ESTABLISHMENT

Xpress - An ecosystem establishment framework for doubling employee productivity with meaningful engagement, improving learning outcome significantly, speeding curriculum completion, while creating competitive advantage through practice environment which results in academic excellence.

OUR VISION

To be the no. 1 choice for K12 Schools to partner for institutional effectiveness.

OUR MISSION

To work with K12 schools for effective learning outcome, operational efficiency, and academic excellence.

LEARNING OUTCOME, OPERATIONAL EFFICIENCY & ACADEMIC EXCELLENCE

CHALLENGES

Key Academic Shortfalls V/s Impact on Student's Performance (in %)

Key Academic Shortfalls

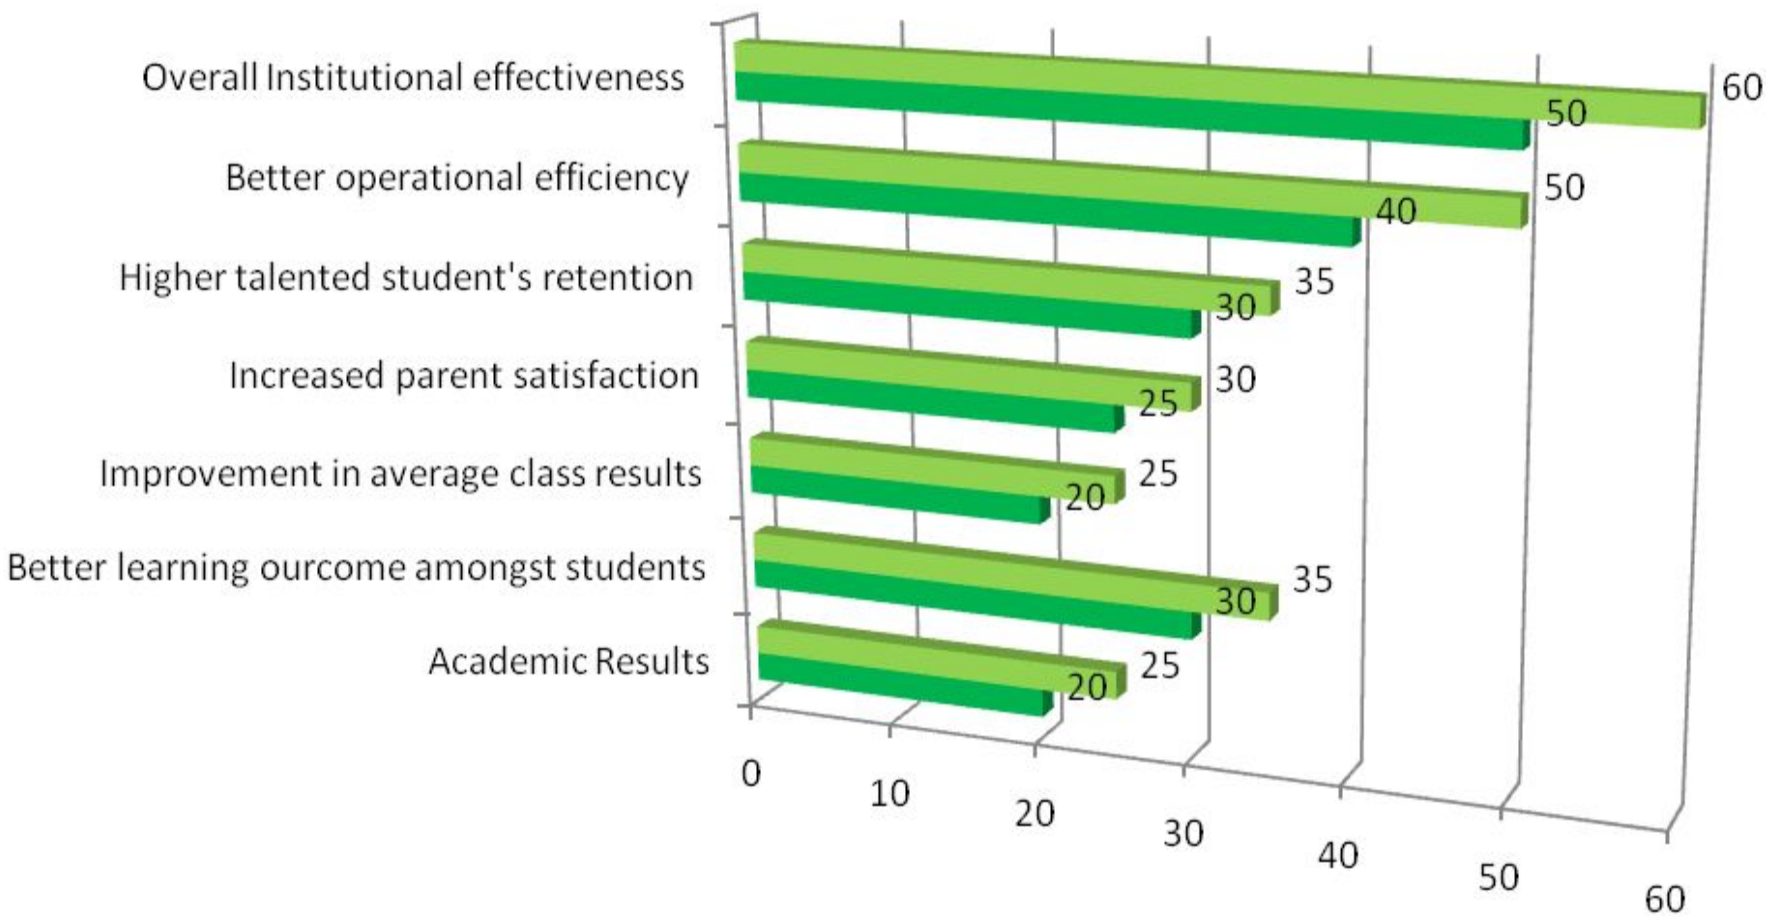

4C'S FRAMEWORK

- Communication** – Structured learning interventions for better comprehension and clarity (15-20% improvement).
- Content** – Strengthened curriculum for improved retention (20-25% boost).
- Concept** – Teaching methodologies to bridge gaps (30-35% increase in problem-solving), by expert engagement
- Context** – Real-world applications in learning to enhance engagement by 20-25%.

REPERCUSSIONS

- These academic struggles are worsened by operational inefficiencies, leading to:
- Fragmented learning structures, causing a 30-40% decline in overall academic outcomes.
 - Lack of standardized teaching approaches, resulting in inconsistent student performance.
 - Ineffective communication between faculty, students, and parents, delaying corrective actions and support.
 - Unstructured institutional processes, reducing administrative efficiency by 30-40%.
 - Lower student retention rates (20-25% decrease) and higher parent dissatisfaction (30-35% increase in concerns about academic quality).

Yearly Implementation Impact (in %)

FACING STUDENT'S ADMISSION PROBLEM?

We have worked with many new and existing CBSE schools which were struggling with student's admission.

How do we deliver results?

- feasibility analysis for admissions
- multi-channel system development
- Project execution
- create a system for consistent admissions
